I am an **Assistant Professor in Statistics** at *Universiti Brunei Darussalam* (UBD), and in August 2025, I will be joining King Abdullah University of Science and Technology (KAUST) as a Research Specialist. My expertise lie in statistical methodology and computation, with applications towards the natural and social sciences.

I am passionate about bringing data and technology to the forefront of our daily interaction with the world. Using the R programming language, I build statistical models for data analysis in order to gain insights, make predictions, and aid decision-making. I am frequently engaged in cross-disciplinary research collaborations and statistical consultations.
